### The Port Arthur Situation

London, November 30.—A dispatch from Tokio states that the Japanese before Port Arthur declare that "the retreat to Laotie will be cut off and it is not unlikely that Laotie will be simultaneously attacked in the final assault."

Bennett Burleigh writes to the Daily Telegraph from Chefoo that in the assault the Japanese lost 4000 men. They captured two more of the northeastern forts, and a third which is part of Kokwan fort. They claim to have effected a lodgement at Pigeon bay, thus turning the fort on 203 metre hill and that they are now tunnelling from the gorge below Laotie hill which they hope first to damage then to rush. The dispatch concludes: "Desperate fighting occurs every day and the losses are said to be excessive but the Japanese expect that Port Arthur must fall within twenty-one days." The Morning Post's correspondent at Shanghai, telegraphs that wireless communication has been established between the Russian consul at Chefoo and the Port Arthur garrison.

St. Petersburg.—Two Russian submarine boats were put on flat cars here to-day, to be transported to Vladivostok.

Cherbourg, November 30.—The Russian cruiser Dnieper, after repairing her hull, left for the far east accompanied by two torpedo boat destroyers.

### Russo-American Treaty

St. Petersburg, November 29.—The final details of the Russo-American treaty of arbitration may be arranged at Washington, where the treaty will be signed by Secretary of State Hay, and Ambassador Cassini. It now transpires that this will not be the first arbitration treaty to which Russia has adhered. An arbitration treaty was negotiated during the present year, with Belgium, but it has not yet been ratified by the Belgian Chamber of Deputies. The fact of the negotiation of this treaty has not been made public and this is the first announcement of its existence. However it is now likely that the Russian-American treaty will be consummated by the Russo-Belgium convention.

### Tracing A Murderer

New York, November 29.—In an effort to discover the identity of the murderer of Mrs. Margaret Keeler who was brutally beaten to death and robbed in her home in east 113th street, yesterday the police issued an order to find and arrest Frank Furlong, a nephew of the murdered woman. The police this afternoon recovered from a Harlem pawn shop the pair of diamond earrings which were torn from Mrs. Keeler's ears, the diamond ring she had on when she was killed and her wedding ring. The jewellery is valued at \$400 and was pawned for \$15 yesterday by a man answering the description of Furlong.

### A Fake Interview

Roseland, November 30.—A dispatch published in the Spokesman, Review on Monday, under a Salt Lake date, stated that Sir Wilfrid Laurier had said in an interview

that the terminus of the G. T. P. would be at Port Simpson and that the road would soon be built across Canada.

The Roseland Mirror, sent a dispatch to Sir Wilfrid Laurier, inquiring of him if he had made such a statement. A reply was received to-day, dated Colfax, Cal., as follows: "Made no statement of any kind, and was not interviewed." (Signed) "Wilfrid Laurier."

### Steel Corporation Meets

New York, November 29.—The monthly meeting of the directors of the United States Steel Corporation was held to-day. According to a statement made later, no business of public interest was transacted. A rumor that the corporation had acquired an option on the Lackawanna Steel Company, or was negotiating in some way for the purchase of the Lackawanna Steel Company, was unqualifiedly denied.

### Nelson Defeats Corbett

Woodward's Pavilion, San Francisco, November 29.—Woodward's Pavilion was jammed to the danger point to-night with fight enthusiasts who fought their way into the auditorium, to witness the battle between Young Corbett and Battling Nelson. **ALBERTA COLLEGE**

Contributed.

On Friday evening the literary elections were duly held, and the expectations of the week relieved. F. H. Kito acted as returning officer; Mr. Wood, poll clerk; Messrs. Ford and Bailey, scrutineers; and Messrs. Hodgson and Steers, as constables. Considering the occasion, good order was maintained, and none were deprived of life or limb. The results were as follows:

Geo. H. Glover, President.  
Miss Lundy, 1st Vice President.  
Mr. McDonald, 2nd Vice President.

Miss Feurt, Secretary.

Principal Riddell was down the line on Sunday, and returned on Monday.

The glee club practice was held on Saturday evening, and a large number turned out. Miss Crawford's introductory lesson was exceptionally good and much appreciated. It is expected that the club will make an excellent record, and help along the literary line.

**CHORAL SOCIETY CONCERT**

A concert, under the auspices of the Edmonton Choral Society, will be held on Tuesday evening, December 6. The programme is said to be one of unusual merit, embracing as it does the choicest choruses of Gounod's great oratorio, "Redemption with the solos directly connected with these choruses. Gounod's "Send Out Thy Light," and Woodward's arrangement of Tennyson's "Crossing the Bar" will be rendered. In addition to these, there will be solos from the Messiah, Elijah, etc., by Miss Webster, Mr. M. McLeod, Mr. Stutchbury, and also a quartette, "Cast Thy Burden," from Elijah, by the Misses Webster and Messrs. McLeod and Stutchbury.

**CITY BOUNDARIES**

The new city boundaries are as follows:—

On the south by the river.  
On the west by the line between ranges 24 and 25, west of 4th.

On the north by the north line of sections 7, 8 and 9 of township 53, range 24, west of 4th meridian.

On the east by the line between sections 9 and 10, 53—24—1, from the north line of the sections to the water of Rat Creek, thence south easterly along the bed of the Creek to the river.

The entire length from east to west is three miles, except that a few hundred feet of the point between the Rat Creek and the river projects beyond that distance. From north to south the entire distance is a little less than three miles. At the east and west ends the depth is about two miles but on the Hudson Bay property this depth is increased and at Ross' Point it adds nearly a third mile to the city. Nearly half a mile is added to the old area on the west side and a little over a mile on the east side. The extension north is about half a mile. The easterly extension takes in river lots 16, 18, 20 and 22 and the westerly extension nearly half a mile along the easterly side of the original Groat estate. To the north a strip of the Hudson Bay Company's reserve, nearly half a mile wide remains outside the city limits. The total area, roughly is about seven square miles.

## THE WAR SITUATION

St. Petersburg, November 30.—The statement that the Russians are concentrating troops on the Afghan frontier is denied. Nevertheless it is undoubtedly true that Russia is watching with some misgivings the British plans of the reorganization and increase of the Indian army, as well as the dispatch of a deputation to Persia. Coming on the heels of the Tibetan expedition these moves naturally create the impression on the Russians that Great Britain is taking advantage of the Russian preoccupation in the far east to strengthen her position on the Indian frontier of Persia. Russia seems keenly alive to the situation but no open move has yet been made and the authorities are not disposed to admit that any are in contemplation as a counter move in Persia.

Tokio, November 30.—The Imperial headquarters made the following announcement to-night: "Our forces operating against 203 metre hill advanced at 10 o'clock to-day from trenches already captured near the summit of the hill, and are now struggling for the southeastern portion of the fort on the summit. A fierce battle was still in progress at seven o'clock to-night."

Washington, November 30.—Russia is unwilling to join the powers in a second peace conference at the Hague until the war with Japan is ended. The Russian reply to Secretary Hay's circular note to the powers of October 23rd last, inviting them in the name of the President to reassemble in conference at The Hague to complete the postponed work of the first conference, was delivered verbally to Secretary Hay to-day by Count Cassini, the Russian ambassador to the United States. The ambassador was requested by his government to say that Russia heartily accepts in principle the invitation to a second conference at The Hague and gladly associated herself with the American government in its effort to complete the mission of the assembly commenced under the leadership of the Russian Emperor. The ambassador was further requested to say that while the Russian government sincerely voiced these views, it did not consider the moment opportune for the convening of such a conference, and it must therefore withhold its formal acceptance of the invitation until the war in the far east is at an end.

## Churches to Unite

Pittsburg, Pa., December 1.—The commission representing the seven branches of the Presbyterian church in this country, at a meeting here to-day decided on a plan of federation of the various churches.

Rev. Dr. D. J. Steele, secretary of the commission, says that the plan provides for the establishment of a council which will be called the "Federation Council" of reformed churches in America holding the Presbyterian system. This council will have no power over the worship, creed or government of the churches which will remain the same as they always have been.

## In The Russian Diet

Berlin, November 30.—In the Prussian Diet the last two days have been devoted to an animated debate on the bill appropriating \$17,500,000 to take over the shares of the Siberian coal company, which the Dresden bank bought on behalf of the Prussian government. The bill passed its first reading and was referred to a committee. Herr Moeller, Minister of Commerce and Industry, was subjected to a sharp attack by Von Eyermann one of the national liberal leaders.

## St. Andrew's Day in Ottawa

Bulletin Special Despatch.

Ottawa, December 1.—St. Andrew's Day was observed here by a concert in the Russell House last night. Jessie McLaughlin sang to a crowded house. A short address was given by the president, J. G. Turiff, M.P. for East Assiniboia.

## HIGH SCHOOL LITERARY

The monthly meeting of the High School Literary Society took place yesterday afternoon, November 30. Principal Rea presided. After the reading of the minutes by A. Maveety, recording secretary, the following programme was rendered:

Instrumental duet, Miss M. Saito and Miss Ada Brewster.

Violin solo, Mr. H. Bragg.

Debate.—Resolved, that the Roman woman represents a higher type of womanhood than the woman of to-day.

The affirmative was taken by Miss Lawford and Miss Lillian Watts. The negative by Miss Lundy and Miss Lillian Doze.

Mr. Johnson, of the high school staff, acted as critic.

Mr. Ellis, also of the high school staff, who acted as judge, gave his decision in favor of the negative.

A few remarks were made by Mr. Dickson, a visitor, in praise of debates. The proceedings closed with the National Anthem.

## Ontario Bye-Elections

Ottawa, November 28.—Information has been received here from Toronto that there will be no general election in Ontario this winter. It has been decided to hold the bye-elections and in this way test the feeling of the province on the reorganized government with its new platform. There will be some twelve elections in all.

The Canadian Northwest  
Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry, under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers who have completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

## JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

## SUPREME COURT

The Chief Justice sat in the chambers at the supreme court this morning. The present sessions of the court will most probably be completed this week. There are yet some nine civil cases to be heard.

## POLICE COURT

An interesting case came up at the R.N.W.M.P. barracks last evening before Magistrate Wade. A man named B. J. Burns was accused of selling the return portion of a ticket from Strathcona to Toronto in October. The buyer was secured in Calgary. Selling a return, non-transferable ticket is contrary to the revised statutes of Canada, and the maximum penalty for the offence is \$50.00 fine or two months imprisonment. Burns pleaded guilty and was fined \$20.00 and costs.

## TAX COLLECTIONS

Yesterday was a very busy day at the City Clerk's office for it was the last day of granting a discount for tax payments. From morning to evening the office was crowded and yesterday alone nineteen thousand dollars of taxes were collected. The proportion of taxes so far paid this year is larger than in recent years.

## Quebec Election Returns

Montreal, November 27.—According to the returns of the polling in the provincial elections Friday the new Legislative Assembly will stand: Liberals, 66; Conservatives, 5; Independents, 1. This, with two elections to be held in Gaspe and the Magdalen islands, will make the full number of members 74.

While the Liberals are greatly in the majority there are a number, including those representing the St. Louis and St. Anne's divisions of Montreal, Quebec East and West and some other constituencies who have been elected over straight Government candidates and who may be expected to act as independent rather than administrative Liberals.

Thirty-six Liberals were elected by acclamation, and 36 contests were held Friday, electing 39 Liberals, five Conservatives and one non-partisan man, Ald. Carter, of St. Antoine, Montreal.

## SCOTTISH CONCERT

St. Andrew's night was most successfully celebrated last night in Edmonton by the Scottish concert given under the auspices of the Baptist choir. Robertson Hall was comfortably filled, the attendance being better than might have been expected on account of the stormy evening. The programme was excellent, and the long list of old Scottish songs was heartily enjoyed. The audience was a most appreciative one, and showed their strong appreciation of the different numbers on the programme by vigorous applause. The programme was ushered in by the chorus and the audience singing the National Anthem. The first number was a chorus by the choir, "Wha Wadde fecht for Charlie." Mr. Howard Stutchbury followed with that stirring song, "Wi' a Hundred Piper." A Reading by Miss Bellamy followed. She read a couple of chapters from "Wee McGregor," giving the Scottish dialect with ease and accuracy. The reading was greatly appreciated and especially so by the more thoroughly Scotch part of the audience. Mrs. Saigson then sang "Jessie's Dream" very feelingly, and was accorded a hearty encore. The next number on the programme was a particularly choice rendering of Robin Adair, by a quartette. Messrs. McLeod, Heathcote, Race and Casely. They were compelled to respond to long applause, and as an encore, sang a short comic selection, "All on a Sunday Morning." Mr. Jackson Hanby followed with a stirring rendering of "The Auld Forty-Twa," and as an encore "Afton Water." Both numbers were particularly well rendered. The last number on the first part of the programme was a song, "Mary of Argyll" by G. H. McLeod. This fine song was done full justice by Mr. McLeod, and with the encore, "I am a Scot," an excellent, though less known song, formed a fitting close to the first part of a splendid programme.

The next number, an address on "The Dav an' a' wha Honor It," by Rev. D. G. McQueen. Mr. McQueen gave a short, but very happy speech. The subject was a wide one, for although little authentic information can be obtained regarding the origin of the day other than it is that of the Patron Saint of Scotland, yet the second part of the subject, "All who honor it," would afford material for a very extensive address. Tonight Scottishmen all over the world were celebrating St. Andrew's night, or if circumstances rendered this impossible, their thoughts were turned to Scotland. He regretted that the St. Andrew's Society, which had flourished in Edmonton for years, had this year taken no active part in the celebration of St. Andrew's Day. Mr. McQueen then spoke briefly of the religious side of Scottish character, believing it to be the basis of their country's greatness. To a Scotchman religion is an intellectual thing. He is ever ready to give reasons for the faith that is in him. A Scotchman's religion is, as a rule, undemonstrative, and unobtrusive. It is a strong religion, doubtless moulded by the long and terrible struggle for religious and civil liberty, as well as modified by the sharp, abrupt and rugged characteristics of Scotland. The mountains and Plains of Canada should be an inspiration to Scotchmen, and he called upon them to take their part in building up in Canada what he believed was destined to become one of the greatest nations of the world.

The second part of the programme was commenced with a chorus by the choir, "Bonnie Wells O' Wearie." Mrs. G. H. McLeod gave a very pleasing rendering of "Within a Mile of Edinboro' Town." This number was greatly enjoyed, and in response to an enthusiastic encore, sang "Comin' thru' the Rye." The next number was a most amusing one. It was a trio, "Willie Brew'd a peck o' Maat" by Messrs. Hanby, Stutchbury and

McLeod. The song was acted most realistically, and was heartily applauded. A further much enjoyed reading from "Wee McGregor," by Miss Bellamy, was the next number, which was in turn followed by a good rendering of "The March of the Cameron Men," by Howard Stutchbury. As an encore he sang "Ye Banks and Braes o' Bonnie Doon." The last number on the programme was a duet, "When Ye Gang Awa', Jamie," without which the programme of a Scottish concert is incomplete. The duet, sung by Mr. and Mrs. G. H. McLeod, was exceedingly well rendered, and in response to the continued applause of the audience, sang "The Standard on the Braes o' Bar." Mrs. and Miss Crawford acted as pianistes throughout the programme. The gathering dispersed after singing "Auld Lang Syne."

### THE MARKETS

Butter—The demand for choice print butter continues strong. Twenty-five cents per pound is offered.

Eggs—Eggs bring twenty-five cents a dozen, and strictly fresh eggs a couple of cents more. There is a large demand for fresh eggs.

Potatoes—Potatoes bring from twenty-five to thirty cents a bushel.

Hogs—The price of hogs has dropped during the past week, and now the top price paid is 41-2 cents a pound.

Fowl—The market has been overstocked with fowl, and is consequently dull. For chicken, twenty-five cents a piece is paid. Ducks bring ten cents a pound; geese, twelve cents a pound; and turkey, twelve and a half cents a pound dressed.

Beef—Scarcely any cattle are being bought by weight, but all by the head.

Mutton—Four and a quarter cents a pound live weight is paid for sheep.

Hay—A very large amount of hay has been offering this week, and the market has been kept well supplied. A large demand exists and prices range from five to eight dollars a ton for wild hay, and from \$8 to \$11 for timothy. Green feed brings from \$5 to \$6 dollars a ton.

Oats—Oat deliveries during the past week have been light, and prices range from 21 to 24 cents per bushel. There is a wide divergence in the quality of the grain offered. Some of it is the best that has ever been received in the city, while other samples are very light.

Wheat—Wheat deliveries continue fairly heavy, the quality being good. The price ranges up to 85 cents a bushel.

### Winnipeg Grain Prices

Commercial, Nov. 26.

Wheat—Manitoba wheat has been dull and depressed the whole week. Under the influence of the American situation our prices have all the time been kept just high enough to prevent free export, the consequence is that the Manitoba trade hold more of the wheat that has been moved than would be the case at this time of year under ordinary circumstances. This reduces their buying power now and with lower markets all round our market is stagnant. The people in the east and in Europe who buy our wheat have had for the last three months the prospect held before them by our newspapers and other authorities of a large if not immense crop, and this has had apparent confirmation in recent large movements and they have hung back from buying and allowed the Manitoba trade and the Manitoba farmers, who are the best judges of what the yield of the crop is, to keep the wheat. It will all be needed but we think they will have to come for it with higher prices.

In the meantime, as we have stated, our market is stagnant, buyers are few even for the best grades and only in very small quantities, and the lower grades and off grade wheat such as scoured and dried, etc., are simply unsalable at the moment. Current quotations are as follows, viz.: 1 northern, 95 1-4c; 2 northern, 90 1-4c; 3 northern, 83 1-2c; No. 5 wheat, 63 1-2c; feed, 55c; and feed No. 2, 49c, spot or past Winnipeg. Prices for future delivery are, November, 93 1-8c; December, 91 3-4c; May, 96 3-4c; July, 97 3-8c. All prices are for in store, Fort William and Port Arthur.

Oats—No. 2 white, 32c; No. 3, 30c; feed grades, 27 to 29c per bushel, in carlots on track, Winnipeg.

Barley—No. 3 barley, 37c per bushel; No. 4, 35c; feed grade, 30 to 32c on track, Winnipeg.

### BECAUSE PROPERLY CURED

Pharaohs have been called a "Health cigar" and this is why: Every leaf of tobacco I work into Pharaoh is absolutely free of "gum."

You must know that a "gummy" tobacco will make a poor smoke and act injuriously on the throat and stomach. The gum, dissolved by the heat of combustion, is drawn into the mouth—becomes mixed with the saliva and finally reaches the stomach.

The membrane that lines your throat and stomach is pretty tough—but it won't stand the harsh, irritating action of this dissolved gum.

You'll have sore throat if you smoke the "gum" cigar—you'll have heartburn, indigestion, and a disagreeable taste in your mouth from an injured stomach.

With every particle of gum properly "sweated," cured and aged out of the leaf I use as filler for my Pharaoh. I can guarantee you a pure, cool, sweet, fragrant smoke—free from disagreeable tastes and injurious actions on the inner man.
